Note:

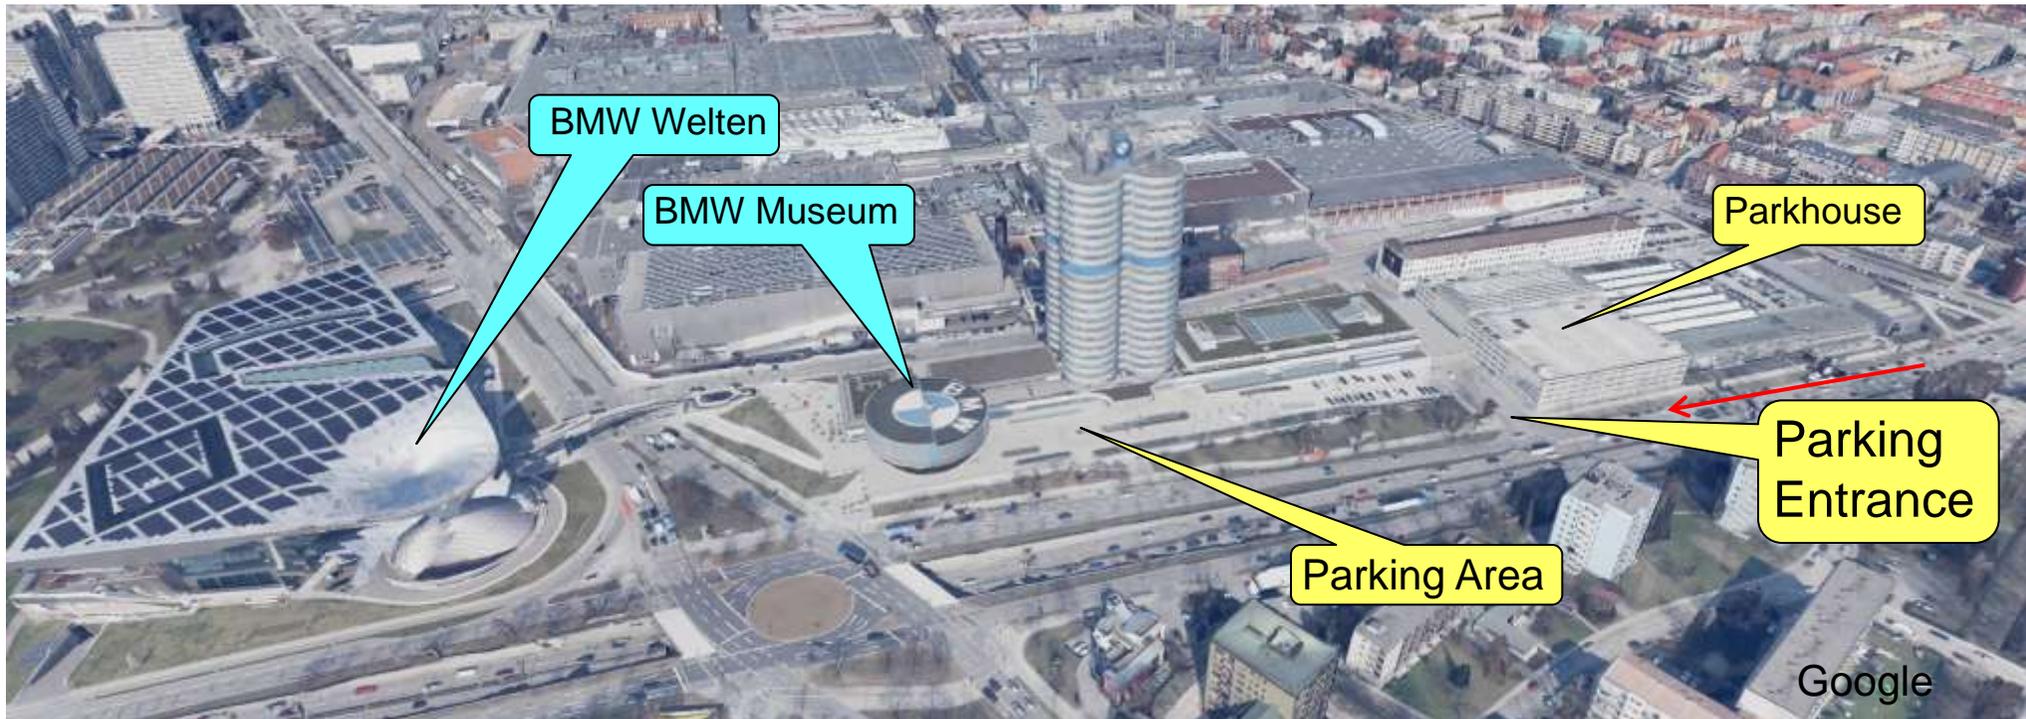

The Street along the BMW Museum is divided into 2 directions and can not be crossed. Coming from the Hotel is from the left on this Map, therefore you either take the Exit to the Museum and drive then around the Building, or you drive further down the street and turn around at the next possible junction

As we are expecting more then 100 Cars to arrive at the Museum, this will take some time to guid all Cars into their final park position. Therefore we kindly ask you to bring a bit extra time with you and follow the instructions of the Park Guide.
When you are at the position to place your Car, make sure you bring your Car save but quick into position, as others are waiting maybe still down on the Street to get into the parking, thanks for your cooperation.

Adress for your Navigation will be:

BMW Museum, Petuelring 130, 80809 München

Again, there will be Parking Guides who will lead you in from the Street and guid you all the way up to your final parking position
